

Conference/AGM Announcement

Come to Iqaluit, Nunavut for our Conference, Annual General Meeting, and Trade Show: November 17 and 18, 2001!

The Conference will be held at the Astro Theatre and Conference Centre.

Your assistance in planning this event would be appreciated.

Please pre-register by completing the pre-registration form found at the back of this newsletter.

Send no money at this time. You can but you don't need to. Instead, please bring a cheque or money order with you. We appreciate not having to invoice you.

The Conference fee is \$240.00, and for that we'll include two lunches, a dinner, your 2002 NTWWA Membership, and the GST as well. But if you *pre-register before October 1, 2001*, we'll charge you only \$200.00 for the whole package. How 'bout that! Only \$200 bucks to attend a premier northern conference on municipal works and engineering, offered to you in a unique Northern community.

There will be a Trade Show held in conjunction with the conference which will showcase the latest technology and tricks of the trade. Anyone interested in obtaining a booth please contact Scott Smith by phoning 780-985-3636 or fax at 780-985-2466 or email at s.smith@urecon.com.

A tour of Iqaluit's water and sanitation facilities is planned for November 16th. Planned stops include the Water Treatment and Distribution Facilities, and the Solid Waste Management Site. Each of these facilities will be described in detail at the conference so you'll really be able to appreciate the tour (and the presentations!) Please sign up early for the tour as space may be limited.

It is your responsibility to make your own travel and accommodation arrangements

Safe Water! *Call for Papers and Presentations*

Our 2001 conference theme is "Safe Water". Authors are invited to provide a 25 word outline of proposed papers or presentations. The requested date for submissions is September 1, 2001. After that, count on someone to phone and nag you. Please send your outline to Richard Cook, Conference Chair, at (403) 920 2287 (phone); (403) 873 3324 (fax); or email rcook@eba.ca

Wanted! Volunteers to Help Organize the Conference

Think the last couple of conferences were pretty good? Well, they were -- but only through the considerable efforts of our Conference Committee and the Host Community. Think you can make it even better? I bet you can. Volunteer your considerable (but under appreciated) talents to help organize this year's conference. We'll make sure you feel appreciated and there's lots to do. To find out just how much we need you, contact Richard Cook, Conference Chair, 403 920 2287 (phone); **403 873 3324 (fax)**; or email rcook@eba.ca

Introduction to Water and Sanitation: An Environmental Operator Training Program

Providing Water and Sanitation Services for your community ...

Your NTWWA Training, Education, and Certification Committee is pleased to offer the training program, **“Introduction to Water and Sanitation”**. It will be held in conjunction with the conference and AGM so you can attend both, potentially at a cost *savings* to your training budget. The dates for this training are **November 13 to 16, 2001**. Topics include: basic chlorination and water delivery, lagoon sewage treatment, solid waste management, and safety. The cost of this training is \$295.00, including GST.

This training is specifically designed for water and sanitation operators, foremen, or managers in small communities who operate pumphouses, sewage lagoons and/or solid waste management facilities.

Following the training, people will be able to challenge either or both of the certification exams, “Small Water Systems”, or “Small Wastewater Systems Lagoons”. Each exam can lead to certification under the NTWWA’s Voluntary Operator Certification Program. The cost for writing for each exam is \$50.00. Read more about certification on our webpage www.ntwwa.com

Contact Siva Sutendra, P. Eng., Chair TEC Committee at (867) 392-6900 (phone), (867) 392-6312 (fax) or email siva_sutendra@gov.nt.ca for more information. Also, *please* complete the training registration form at the back of this newsletter and fax it to the NTWWA Office. Or, you can register on our website at www.ntwwa.com
